

Digester-CF[®]

Available in a 14 lb. pail

TREAT ORGANIC MATTER *Naturally*

SAFE, ALL-NATURAL PRODUCTS

ATTRIBUTES

- Concentrated formulation of selected microbial isolates, enzymes, and remediation stimulants that rapidly inoculate and digest accumulations of agricultural organic matter
- Simply mix with water and pour onto the feed spill
- Prevents feed spill problems like sudden increases in solids in a manure pit and crucial storage capacity concerns from becoming a long-term issue

WHEN TO USE

- For liquidation and remediation of accumulated organic matter
- To rapidly liquefy feed spills and other organic matter accumulations in a matter of weeks

DIRECTIONS

CALCULATE VOLUME, SIZE, AND WEIGHT

Estimate the following for the area that requires remediation:

1. Volume
2. Size
3. Weight

To calculate volume:

LENGTH

X

WIDTH

X

DEPTH

X

7.5

TOTAL GALLONS

SELECT DOSAGE

Calculate the estimated pounds of Digester-CF[®] needed for inoculation

Add 1 lb. of Digester-CF for each 250 lbs. of spilled or accumulated matter

Example: 500 lbs. of accumulated matter requires 2 lbs. of Digester-CF

- Add 1 lb. of Digester-CF to 1 gallon of water
 - 1 gallon of slurry treats up to 250 lbs. of organic matter
- Make 4-5 deep probes (holes) into the spill area
- Number of probes required is related to the area to be digested
- Add the correct volume of slurry into the probe holes and on to the organic matter
- Application rates are based on overall experience for concentrated organic matter liquefaction and breakdown
- More or less product may be required to give satisfactory results based on individual situations

TREAT

- Amount of Digester-CF needed depends on amount of organic matter, and how fast it needs to be liquefied
- Inoculation with remediation should be completed in 2-5 days of the spill occurring
- For maximum efficiency, spills and concentrations should be dosed again at the same dosage levels in 7-10 days
- No more than two treatments should be needed
- For slower liquefaction, apply third treatment on day 21
- Do NOT add when firm, heavy crust has accumulated

All-Natural PRODUCT LINES

HEALTHY PITS/ LAGOONS

Treat deep pits and lagoons naturally. Reduce sludge and odor, while restoring ecological balance with our easy-to-use products.

- AgraSphere®
- AgraSlat®
- Activator PLUS®
- Lagoon AgraSphere®
- Lagoon Activator®
- AgraSlat N₂™
- AgraYieldSphere™
- Digester-CF®
- Compost PLUS™
- Agra-Biocide®
- MegaStrong-Crust Eliminator™
- Beef & Dairy AgraSlat®

HEALTHY ANIMALS/ COMFORTFEEDS™

Support animal wellness with our safe, all-natural products. Our species-specific formulas are highly digestible and improve productivity levels within the digestive tract.

- Dairy & Beef DFM
- Swine DFM
- Swine GI-Stress DFM
- Swine GI-Booster Pack
- Poultry DFM
- All-Natural Essential Oils
- DFM with Essential Oil
- Grazix Leaf Extract

HEALTHY CROPS

Reduce stress on crops and generate bigger yields with Healthy Crops products. Our all-natural solutions increase stress tolerance, nutrient uptake, and yield potential.

- Eradicator F™
- Promote™
- RowBust™
