

Lagoon AgraSphere®

Available in a case of 4 spheres
Each Sphere treats 125,000 Gallons

ATTRIBUTES:

- Activates, treats, and maintains
- Liquefies suspended solids, sludge, and crust
- Patented, time-release technology
- One-Two applications per year
- Enhanced nutrient values
- Easy to use, No mixing
simply toss sphere in lagoon

- Deliver bacteria at the bottom, where solids occur
- Corn-based resin dispenser biodegrades in manure

Lagoon Activator®

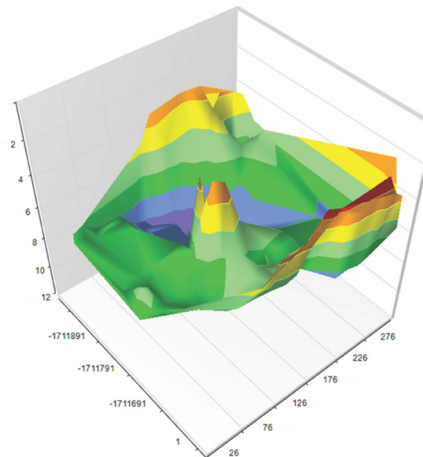

1 pail = 60 water-soluble bags | Treats 6 million gallons

ATTRIBUTES:

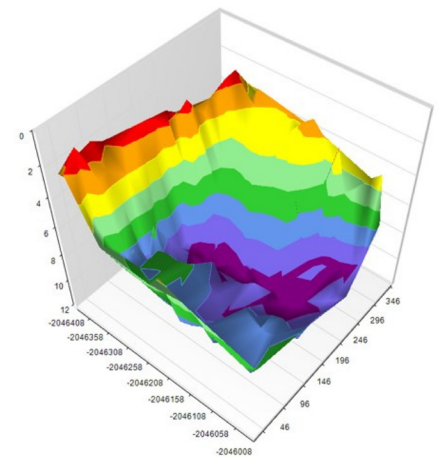

- Activates, inoculates, and establishes a balanced lagoon environment
- Corrects excessive accumulations of organic solids and manure
- Easy to use, no mess design,
simply toss it in
- Great for run-off lagoons or irrigation lagoons
- Trillions of microbes per bag
- Concentrated blend of natural bacteria and enzymes

2-YEAR STUDY:

- In the study, we saw solid reduction up to 4 feet.
- Typically removes 6" of solids per year

Before

After

We stand behind our work and we will prove measurable results after 1 year of treatment!
