# PIT RESET

HEALTHY FARMS PIT RESET IS HIGHLY CONCENTRATED AND DESIGNED TO KNOCK DOWN FOAM IN FOAMING MANURE.

## BENEFITS:

- Reduces foam in foaming manure pits
- Easy to apply

## APPLICATION AMOUNT:

- 4 bags (19 lbs.) treats 1200 head spaces

## Directions

Apply Evenly Across the entire pit through at least 8 different locations

## Healthy Farms recommends a 3-step foaming program

1. Agitation Defoamer to quickly knockdown foam
2. Pit Reset to reduce foam production and reset the pit
3. Use Activator Plus or AgraSlats to ensure an establishment of beneficial pit microbes

**Ingredients:** Blend composed of bacteria, stabilizers, nutrients, and minerals.

**Storage:** Store in original container in a safe, cool, dry place. Store at temperatures below 77 F and keep from freezing.

**Caution:** Keep product away from children. Do not breath in. Do not get on skin or clothing. Keep container closed and sealed until ready for use. Do not ingest. Use in agricultural manure applications only. Do not allow animals to consume product

Net Wt: 4 - 4.75 lb. bags | SKU: 35250
